

VOLUNTEER OPPORTUNITIES

PROFESSIONAL DEVELOPMENT

Join us helping people with disabilities as they prepare for employment.

In 1974 CTP was the world's first computer based workforce development program for people with disabilities.

One million+ hours of services provided. Thousands helped

In these events, volunteers with CTP staff guidance meet our program participants remotely (Zoom) and discuss the participants' career goals, talk about their own experiences working, and help our participants practice answering interview questions.

Help our participants....

- ✓ Gain experience with virtual interviews
- ✓ Practice talking about their transferable skills and strengths
- ✓ Build Confidence
- ✓ Obtain real feedback about their interviewing skills and professional presentation

Contact CTP at carrie@ctpberk.org or 510-849-2911 ext 4006 today to learn more about this exciting volunteer opportunity.
